P2i signs exclusive licensing agreement to make SavWatt LED Lights water and dirt resistant

P2i has entered into an exclusive worldwide license to protect [SavWatt USA, Inc.](#) LED lights. Using the award winning [Aridion™](#) technology P2i is able to transform the reliability of the LED lights through reduced failure and repair rates.

Carl Francis, Chief Executive at P2i, comments: "We have a highly innovative, fast growing and scalable business which is based on proprietary and game-changing technology. We are building on our cutting-edge technology in liquid repellency by moving into anti-microbial, anti-scratch, anti-stain and other functional nano-coatings as well. Working with LED lights opens a whole new sector of applications and we are excited to work with SavWatt."

'International Business of the Year' and 'Best Use of Technology' finalist

Recently awarded the title of 'Most Innovated Company in Europe', P2i is pleased to announce it has been shortlisted for two new awards from the [Fast Growth Business Awards](#).

The global dominance of P2i in functional nano-coatings has led to it being a finalist in the 'International Business of the Year' category, while the innovative use of the technology across five key market sectors has made it a stand out for the 'Best Use of Technology'.

Judging for the awards will take place on the 6th of September and the winner will be announced at a prestigious ceremony in London on the 4th of October.
