The Monthly Droplet

January 2012

Making a Splash at CES

P2i is attending the world's largest consumer electronics show ([CES](#)) this month in Las Vegas from the 10th-13th January 2012 - South Hall 2, Booth 26722.

Working with major consumer electronic brands and OEMs, [Aridion™](#) is already protecting over seven million consumer electronic devices from everyday splashes and spills - fighting water damage through reduced corrosion, electrochemical migration and water ingress.

Whet your appetite for P2i technology with our latest video:

ISPO Preparation Begins

In 2008, [ion-mask™](#) won the ISPO New Product Award. Four years and over two million pairs of treated shoes, gloves and hats later, P2i will be exhibiting at ISPO in Munich from the 29th-1st February 2012 - Hall B6, Booth 122.

ion-mask™ is a superior liquid repellent technology which allows materials to stay dry whilst maintaining natural levels of breathability.

You can see a quick animation of the benefits of ion-mask™ on our [P2i.TV](#) channel.

Charitable Trust Raises £9,800

Over the past year P2i's [Charitable Trust](#) has raised £9,800 in fundraising efforts to assist local charities through antics including an Auction of Promises, a half marathon run and a Scally Rally.

The Trust has two goals:

- * Improving and supporting scientific education in our employment catchment areas
- * Improving the lives of underprivileged children in and around geographical regions where we have operations

The funds raised by the Trust are donated directly to specific individuals and organizations falling within the scope of the Trust's goals, or donated to other charities that support the same objectives.
